**DEPLOYMENT OF SCORECARD FOR RANKING WEBSITES OF MINISTRIES,
DEPARTMENTS AND AGENCIES (MDAs) TO BOOST COMPLIANCE TO
STANDARDS AND OPERATIONALIZATION OF EXECUTIVE ORDER E001**

The Federal Government of Nigeria aspiration to create an enabling environment for business and investment opportunities to thrive in the country was evident in the signing of Executive Order E001 on Ease of Doing Business. As a critical role player in the effective implementation of the government policies, it is required that the MDAs have functional websites to support the implementation of the Easy of Doing Business initiative.

2. However, it has been observed that contrary to the intent of the signed Executive Order E001, most government websites do not contain requisite baseline information investors could easily access to establish their businesses in Nigeria. Towards this end, the Federal Government has developed a scorecard for ranking MDAs' websites in ensuring that MDAs comply with necessary Standards for government website, to boost the Operationalization of the Executive Order.

3. Consequently, the Steering Committee for the scorecard has concluded arrangements to pilot its deployment for some MDAs.
